

MOHAWK AIR SPACE VIOLATED

MNN. 21 May 2012. Is Kahnawake a pretend “combat zone” for their war exercises? At 6:00 pm My 21st twelve fighter jets flew in threatening formations, crisscrossing closely over the Mohawks of Kahnawake. Twelve flights for 20 minutes were videotaped.

Canada violated the Notice on Navigation and Travel Restriction issued on August 17, 2007 by the Longhouse Peoples of the Mohawk Nation. Under authority of the Kaianerehkowa, Supreme Law of the Great Architect of Creation and Rotiskenrakehte “They who hold the Peace”, inside Kanienke, declare Navigation and Travel Restriction as follows:

At 23:00 hrs. August 18, 2007, until further notice, and shall apply to vessels of any nation or corporation engaging in commerce, commercial intercourse with corporate US or Canada, from navigation or travel inside or upon navigable water, known to be Kanientarahwaoneh [River Saint Laurence said Gulf Saint Laurence and tributaries]. [See geographical coordinates below].

Air space within one nautical mile of domicile or abode of Onkwehonwe shall also be restricted from use by government or private contracted security aircraft of said US and Canada.

For centuries Onkwehonwe [Original People of the Land] and other Indigenous Nations have suffered genocide, near total destruction of our Earth, way of life and continued war of aggression by colonial invaders under de facto papal authority, said Holy See. Crusading British corporations US, Canada, Australia, France, England and others continue this genocide in pursuit of commerce and presume Sovereign Dominion Over the Earth. [All UN nations are corporate entities registered through the city state of London under Admiralty/corporate Law, meant for bankers and corporations].

Rotiskenrakehte shall exercise Authority under law of the land to use all force necessary to maintain the Peace and stop the destruction of life on Earth, by this Navigation and Travel Restriction. Furthermore, Onkwehonwe may take prize of vessel and goods for breaking the Peace. We Indigenous are not registered in the city of London as a corporate state, so Admiralty Law of the sea does not apply to us.

Rotiskenrakehte ask that the People upon the Earth unite with us to stop the destruction of Life, to help open eyes of the people of your world, to the War of Genocide pursued against People upon the Earth. With Authority under Kaiaherehkowa, so be it our Minds.

Attacks and threats are carried out against Indigenous peoples when Parliament or governments go on holiday. Their corporate Indians don't tell us much. During the Mohawk Oka Crisis 1990 fighter jets flew without notice closely, trying to scare us.

The flights over Kahnawake on May 21st 2012 could be dangerous for civilians due to risk of collateral damage. Is this warning us of another "Indian summer" when the army or cops come to town?

Like Jimmy Hendrix prophesized in his Vietnam War song, Machine Gun; "Machine gun, tearing my body all apart. Machine gun, tearing my body all apart. Evil man make me kill ya. Evil man make you kill me. Evil man make me kill you, even though we're only families apart. The same way you shoot me down, baby, you'll be going just the same. Three times the pain, and your own self to blame. Hey, machine gun." <http://www.youtube.com/watch?v=IK92W2RzbjE>

TWO ROW DECISION – IROQUOIS V. NYS TROOPERS

MNN. On May 18, 2012, we stopped playing their games in their artificial court. We came out with a little bit of their guilt money.

Exactly fifteen years ago, On May 18, 1997 we were attacked by New York State Troopers. 97 of us brought charges against them in the NYS Northern District Court. Five have since died.

We people of all Iroquois Confederacy nations had gathered at the property of Andrew Jones on Onondaga Territory for a traditional ceremony.

As the sacred fire on private land burned, Oren Lyons and the Onondaga Confederacy Chiefs sent in the radical New York State Troopers to terrorize and attack us, using NYS Gestapo tactics. Our freedom of speech, religion and assembly were violated. The beatings, false arrests and denial of medical attention were video taped.

We, the men, women children and some babies were on the other end of NYS vicious assault. They were like seal hunters trying to fatally harm us. Our children

were hurt. Many were almost beaten to death. We could not fight back because small children were running in our midst. While holding down an elder, a Trooper tried to snap his neck.

The Troopers said they were immune from being sued. They lost at the first level, appealed and lost again. On April 8, 2008 Judge George H. Lowe heard the evidence and decided that, if it went to court, we would win, sometime in the future. They're waiting for us to die off, and put it over to the next generation, telling us, "Get over it". The case was never about money. Their system protects the puppets who protect them. Their whole artificial admiralty system looks out for them.

We must deal with our criminal traitors, to take full responsibility for their brutality. Some day, the War Chief holding a bunch of black wampum strings will say to the erring chief[s], "You have not listened to the Women and Men of the nations. This wampum shall be dropped. If you don't grab it before it hits the floor, and come to a good mind with us", the men shall bash the erring chiefs to death with a war club. [Wampum 59, Great Law].

Ronnie Jones, the outspoken father of Andrew Jones, tried to bring the issue of federal and state oppression by their corporate Indians, the Onondaga chiefs, before the UN. A day after his return, he was ritualistically executed in his home. His hands and feet were cut off and his stomach was sliced open. His papers and documents were spread over his body and set on fire. Ronnie Jones did not die in vain.

NYS wants to deduct from the payout the cost of state medical care given to those they viciously beat, to pay for their own beating. We are challenging this.

NYS agreed to sensitivity workshops to learn about us, our history, sovereignty and economic issues. The people who brutally attacked us up shall select the trainers, advisers, designers and content. [We are not stupid!]

We had to get out of their boat and remain in our canoe. We refuse to let them try to steer us.

In "The River" by Thahoketoteh: "The river of life has many falls, twists and turns and steep walls. We travel down it in our own way. The same has been from the very first day. I'll stay in my canoe. You stay in your boat. I only hope you stay afloat. I'll smile at you. You wave at me. We'll continue on toward the sea."

Thank you. MNN

RESISTANCE... IS NOT FUTILE

MNN. 13 May 2012. Resistance being futile is a lie. We must resist to survive.

The European elite sent over invaders to abduct, assimilate or kill us to take our possessions, to enhance their lives. Disease had almost wiped them out. They roamed the earth as marauders, destroying entire societies to control and collect everything.

Even our body parts are copied or stolen to achieve perfection. Plastic surgery reconstructs their faces to look like a 5-year old unlined baby face, and their recreated bodies emulate our desirable distinctiveness. They dislike us but fry on tanning beds to look like us.

To control the world through force, assimilation and genocide they have to be unemotional, mechanical, "You adapt to us or we will kill you".

Universal domination by taking what they want, controlling and using everybody, telling us, "We are a power that will absorb your territory, riches, energy, culture and you".

Little is known of their origins and intentions. They wouldn't negotiate or reason with us. Their history is artificial. They thought if they spread their seed they could survive somewhere, which the wind blew into oblivion.

When Champlain arrived in Quebec, he unloaded his weapons and started killing Mohawks. Their messengers warned us that resistance is futile, to lower our defenses, surrender our culture and to serve them.

Murder and assimilation followed to make our lives and distinctiveness disappear.

At first we found them comical, especially their devotion to greed. We saw how they violated nature.

Our spirit remained intact. We resisted assimilation, slavery of the mind and body and maintained our identity. Indigenous collective consciousness is part of the natural world and the universe. Natural people are meant to resist annihilation.

The invaders were coercive and tyrannical. Today the mystery of the missing 125 million indigenous in the Western Hemisphere is hidden. No one was jailed for those 55,000 Indigenous children murdered in Canadian government and church run residential schools.

After enduring brutality for centuries, Karoniaktajeh said, "We are the sleeping lion that is waking up". The Kaianerehkowa, based on the great natural power, will influence the entire world.

People controlling other beings is not natural. In the capitalist hierarchical system one individual controls everybody through force, threats and conditioning.

A queen bee like figure was created to run the hive, give orders to attack or create provocation to collect the goodies. A pretend Mohawk recently made threats to put them into attack mode.

Integration of beings and culture for their use is repugnant. 500 years of Europeans using strength, technology and life forces of others is ending. Thousands of species have been assimilated or destroyed and billions of lives have been exterminated. The natural elements of resistance and survival remain. Artificial elements are disappearing.

The invaders numbers and power are dwindling.

The hierarchical mind cannot defeat the Indigenous communal mind.

Our collective consciousness has been extensively studied to figure us out. Our thoughts and ways have been misunderstood by the elite for centuries. They see the natural world as chaos, and think their hierarchical system brings order to chaos. [What a bunch of malarky!]

The white roots of peace have spread in all directions from Great Turtle island. Follow the roots to their source. Peace.

FOOTNOTES: Joseph Goebbels: "if they tell a lie big enough and keep repeating it, people will eventually come to believe it. The lie can be maintained only for such time as the state can shield the people from the political, economic and/or military consequences of the lie. It thus becomes vitally important for the state to use all its powers to repress dissent, for the truth is the mortal enemy of the lie, and thus by extension, the truth is the greatest enemy of the state."

Hermann Goering [at Nuremberg Trials 1945-6]: "Naturally the common people don't want war: neither in Russia, nor in England, nor for that matter in Germany. That is understood. But, after all, it is the leaders of the country who determine the policy. It is always a simple matter to drag the people along, whether it is a democracy, or a fascist dictatorship, or a Parliament, or a communist dictatorship. Voice or no voice, the people can always be brought to the bidding of the leaders. That is easy. All you have to do is tell them that they are being attacked and denounce the peacemakers for lack of patriotism and exposing the country to danger. It works the same in any country."

Eto Wokoam, Mohawk, 1710, after returning from England: "They rely on the written word. It is how they will be judged."

Interesting comment. There is a link to the video. Kahentinetha

DISCOVER THE LIE KNOWN AS 'DOCTRINE OF [CHRISTIAN] DISCOVERY'

MNN. 10 May 2012. The UN North American Caucus made a 5 minute statement on the blatant lie known as the "Doctrine of Christian Discovery". It is factually, legally and morally wrong.

The doctrine was created in 1493 . It was a Papal Bull. The Pope issued an edict which become Christain law.

John Kane, of Cattaraugus, and "Native Pride" Radio jmkane1220@aol.com commented, "The only thing he [Steve Newcomb] got wrong was the suggestion that our birthright was given to us by our ancestors. It comes to us by creation. To suggest otherwise would mean that they could give it up for future generations. I am glad he made the reference to "birthright". It is inalienable to Ohnkwe Onweh [the true people of Great Turtle Island], naturally bound. It is not inherited from our grandfathers or transferable.

Watch. North American Caucus Statement on the Doctrine...

MOHAWKS STRIKE TERROR

MNN. 8 May 2012. An expensive amateur propaganda and slick video by APTN, "Canada Will Get No Warning Next Time We Strike", Says [one] Mohawk', is a joke! We have no guns, bombs, armies, nor threaten anybody. We advocate peace and non-violence.

Our truth is terrifying the world's corporate rulers. To them we are scarier than Osama Bin Laden, Al Qaeda, Tamil Tigers, Hezbollah, Islamic terrorists, even Quebec Separatists, Lone Wolf operatives like the underwear bomber, multi issue extremists, environmentalists, anti-capitalists and animal rights activists.

We are called 'Aboriginal extremists' because we have always defended ourselves when attacked, at Oka in 1990, Caledonia land reclamation at Six Nations, Tyendinaga Quarry and wouldn't let border guards carry weapons in Akwesasne.

Self-defense is called terrorism. When the masses understand us, the British divide and conquer card is trumped.

The masses want answers from the bankers and their foot soldiers. Where's the money? Democracy? Our future? How did you become so filthy rich while we have hardly anything?

We're hitting the Canadian economy, which is based on theft of our land, resources and genocide. The liars' club includes CSIS, RCMP, CBSA, Public Safety, DND, CBC, CTV [the thought police] and others.

The program is called "Ordo ab chao", order out of chaos. It's not working anymore.

Strangers enter our communities, saying they're vaguely related to us. They answer to outside handlers. The elders who ask questions are discredited. Radical rhetoric and actions are started to create confusion and division. We get targeted.

The Mohawks can revitalize the Iroquois Confederacy. In 1784 Deseronto, settled in Tyendinaga. Joseph Brant left Tyendinaga with 17 families to start Brantford on the banks of the Grand River, Six Nations.

Both took orders from the European oligarchy, bankers and mind controllers. Mohawks constantly resist. To further try to divide us, an "imaginary line" called the border was put between the corporations of "Canada" and "US".

Their ultimate prize is for every person on earth to bend to their will, to kill off 75% and to decide who lives and dies.

Thirty years ago Che Quevara, a true warrior, said, "I envy you North American Indians. You're living in the belly of the beast. Your greatest fight is yet to come".

The evil system brought to Great Turtle Island in 1492 is shutting down. In "Masters of War" Bob Dylan said: "And I hope that you die and your death will come soon. I'll follow your casket in the pale afternoon. And I'll watch while you're lowered down to your deathbed. And I'll stand over your grave til I'm sure that you're dead".

Deception always has to hide in darkness. Truth can withstand the scrutiny of daytime and light. Unlike corporate tyranny, Mohawks have nothing to hide.

Corporatism of 51% is finished. The Kaianerehkowa of one mind shall lead the way.
