

## **MNN LIST OF “BOTTOM FEEDERS” 2008**

MNN. Mar. 8, 2008. There are weird creatures lurking in the murky depths of colonial affairs. We Indigenous people have to watch out for them all the time. They are masters of camouflage. They used to pretend to help us. Now they don't even bother. We're not fooled. We've been watching them try to kill us and gobble up our resources for centuries. These visible and invisible ravenous parasites are out to enrich themselves at our expense. They see us as standing in their way. The list below identifies some of the greedy “bottom feeders” who've slithered into “Kanehsatake”, “Sharbot Lake”, “Six Nations”, “Dehcho” of NWT and elsewhere. [For background stories on these issues, go to MNN Mohawk Nation News website at [www.mohawknationnews.com](http://www.mohawknationnews.com) ] Needless to say, this list is incomplete. It makes no attempt to identify those who are feeding from the many other Indigenous nations whose resources are being stolen by Canada and international corporate cartels.

One of the “head pirates” of this colonial pillage system is the Queen and her “aparatchnik”, the Governor General. They throw the stolen bounty at their subjects. This creates an endless “feeding frenzy” among the bottom feeders and all the hangers-on, such as the public relations firms, media, all sorts of consultants, geologists, surveyors, miners, corporations, large and small time political hacks and all the “Eichmanns” who manage and facilitate this carnage. There are others who've “done us wrong”. Send them along and we'll add them to the list.

The colonial “management” of “Indians” and our possessions continues to be a professional gathering of those who don't have a conscience. Canada “negotiates” with us using people who advocate the end of Indigenous rights, like Peter H. Russell of the University of Toronto. In other words, colonial oppression ain't dead! They make up laws to protect themselves and steal from us. They break human rights and international laws to try to exterminate us.

They use an old “revolving door” strategy to try to confuse us. Their “operatives” go in circles from business to government to universities and back in what is known as the incestuous “gyro jerks” strategy.

The bureaucrats carry out their crimes like the military attack by Indian Affairs on the Mohawk at Kanehsatake on January 12, 2004. It was planned, financed and carried out by the “sickos” at Indian Affairs and its cohort departments in Ottawa and Quebec. Its objective was secret. Did you ever wonder why Canada's federal and provincial governments were spending millions policing a community of only 1,000 people when there wasn't even enough evidence to lay criminal charges of any kind? What they were really after was the rare “niobium” that lies underneath the community. It's crucial for the military-industrial complex for making weapons and for outer space technology

Save this list and watch out for these demons. They are running amok. If you see any of them or their underlings, close the door and alert your community. A lot of our money and Canadian tax dollars are going into this attempted grab of all our land, resources and minds. Meanwhile our people don't have drinking water and basic necessities. This is wanton greed! Brothers and sisters, we are real!

## 3. COPS & OTHER FASCISTS

-Jim "Sees-Pink-Elephants" Beam, 613-479-9946, former procurement & finance manager, Department of Defense Canada; Deputy Mayor of Township of North Frontenac (which includes Sharbot Lake), 1357C Sunday Lake Drive R.R. #1 Ompah, ON K0H 2J0 613-479-9946 GOTOBUTTON BM\_4\_ [jbeam@mazinaw.on.ca](mailto:jbeam@mazinaw.on.ca) Conservative Riding Association member along with RCMP Bill Irwin (613 2679972) and retired Cdn forces, Jim Piche (613 267 9669).

-Randy "Split-Personality" Cota, currently Ontario Provincial Policeman somewhere, doubles as chief of Ardoch Algonquins, involved in "Algonquin" land claim of Haudenosaunee land, [rcota@sympatico.ca](mailto:rcota@sympatico.ca) 613-541-8205.

-Julian "Masochist" Fantino, Ontario Provincial Police, planner and schemer, former Chief of Police, Toronto, who got an award for crushing the homeless.

-Petawawa and Trenton, army bases near Sharbot Lake that train immature boys to attack, get maimed or killed, for their corporate masters. These "heroes" are always ready to prove their macho stupidity by attacking Mohawks and cleaning up radioactive messes without proper protection, as happened at Chalk River in 1958.

-Ontario Provincial Police, "Brown Shirts" in black to match New York State Troopers. These guys ain't going to let the Ipperwash Inquiry change their ways.

-Jim "Falsely-claims-to-be-friends-of-the-Mohawk-Warriors" Potts, self-proclaimed "expert on all Indians", hires himself out to set up attacks at Sharbot Lake, 6 Nations and elsewhere, but fails. This sadist wrote the plan on "Aboriginal Protests and Occupations" being used by police forces. He lurks in the shadows. 613-795-3907.

-Royal Military College, Kingston, the training ground for military and bureaucratic bomb freaks. Promoter of the "smash and kill school of social order". RMC gets loads of research funds to promote military involvement in Indigenous issues and public control. This is what they call "democracy". See photo of the week at: GOTOBUTTON BM\_3\_ [http://www.forces.gc.ca/site/gallery/potd/photos\\_e.asp?id=59](http://www.forces.gc.ca/site/gallery/potd/photos_e.asp?id=59)

-RCMP – Whose motto from the fiasco at Gustafsen Lake BC is, "Smear Campaigns are our Specialty". They've been trying to invent a role for themselves since they invaded Six Nations in 1922 to chase the ghost of some booze they thought someone might believe they saw. They must have been having the DTs because a 3-day search turned up nothing. This served Indian Affairs so well that they went on to grab the Six Nations trust funds in an attempt to depose the traditional council. London Ontario detachment, 519-640-7267, will come to 6 Nations at the drop of a "gustowi" [head dress].

-Peter H. "Who-Loves-to-study-Indigenous-But-Hates-Their-Guts" Russell, In the Duncan Campbell Scott tradition, he smiles at us, then stabs us in the back and promotes an end to Indigenous rights. Former teacher of political science at U. of T., he was sent in to Dehcho NWT by Jane Stewart, to set up "heavies" like Chris Reid, Robin Aitkin and Bob Patterson. Russell helped develop the Canadian Secret Intelligence Service CSIS 1983 Bill C-157 [http://.jstor.org/sici?=.0317-0861\(198309\)9%3A3%3c326%3ATPCFAC%3E2.0.C0%3B2-%23](http://.jstor.org/sici?=.0317-0861(198309)9%3A3%3c326%3ATPCFAC%3E2.0.C0%3B2-%23) Wrote "Judicial Power and Canadian Democracy" and "Recognizing Aboriginal Title: The Mabo Case and Indigenous Resistance to English Settler Colonialism", 2005. [phruss@aol.com](mailto:phruss@aol.com) What more can we say. This guy is dangerous.

Look at their titles. These folks must all be very well paid. How can we deal with so many  
parasites who are all feeding off of Indigenous resources like pigs at a trough. AECL is a

huge feast for them. The lights would not go out if all this fat was trimmed. Homer Simpson could still run it all!

#### b) Cameco Corporation

Cameco owns many mines in northern Saskatchewan and Port Hope. Coincidentally, these are some of the most contaminated areas of Canada.

[http://www.cameco.com/investor\\_relations/about\\_us/](http://www.cameco.com/investor_relations/about_us/) It owns a number of mines with highest grade uranium in Canada and US and is developing more. Produces uranium hexafluoride (UF6) and makes fuel for the CANDU reactors at Zircotec Precision Industries in Port Hope. Owns 31.6% interest in the Bruce Power Limited Partnership which operates 4 CANDU reactors. Owns 53% of Centerra Gold Inc., including Kumtor Gold Mine in Kyrgyzstan, Boroo Gold Mine in Mongolia, Gatsuurt project also in Mongolia, and the REN project in Nevada. What kind of "mob" is this? IS THERE ANY END TO THEIR GRASPING? What's their plan? Are they shipping out to Mars after they finish turning the earth into a toxic waste dump?

Presently Uranium price is way down which does not trade on an open market like other commodities. Buyers and sellers negotiate contracts privately. Prices are published by independent market consultants, "Ux Consulting \$74.00 US\$/lb., Mar 3, 2008; TradeTech \$73.00 US\$/lb. Feb. 29, 2008. Information (613) 584-8811, ext. 6080 TFree: 1-800-364-6989. WHY IS THE PRICE DOWN? So they can argue that nuclear power is more cost effective than any other kind? IT'S A WAY OF GETTING THEIR HOOKS IN. It's a private industry and you can be sure that the price will go up when they decide to make profits.

Queens U. seems to be producing a lot of questionable research on Indigenous history, designed to suit whoever has the big bucks, mostly colonial government departments and agents.

## 6. IGNORANT HELPERS OF THE FASCISTS

-Community Coalition Against Uranium Mining, (CCAMU) [www.ccamu.ca](http://www.ccamu.ca) Frank Roy and Lynn Daniluk, both of the Green Party, raising money for "Algonquin pretender" Robert Lovelace. PREYING ON INDIGENOUS PEOPLE IS AN EQUAL OPPORTUNITY OCCUPATION THAT INVOLVES ALMOST AS MANY WOMEN AS MEN.

## 8. SECRET AGENTS & SPIES

-Christian Peacemakers Team – Jim "Who-gives-out-pacifiers-to-those-who-assert-themselves" Loney, was captured with 3 others in Iraq and released unharmed. The American was killed. CPT consists of 12 or more others including David Milne, John Hudson and Bob Holmes. CPT is sent in to campaign door-to-door persuading people not to stand up for their rights. "Let the government and police take care of everything", seems to be their focus – as if this isn't what got us into trouble in the first place.

-Skin Heads, who get invited to Caledonia to beat up on the Six Nations Indigenous. They are still lurking around with longer hair.

-Brown shirts, KKK and other agitators who go to meetings with the mayor, OPP, Member of the Ontario Legislator like Toby Barrett, and anyone else who hates Indigenous people or sees us as a barrier to their money making schemes.

-Gary McHale who seems to have access to all sorts of help stirring up trouble at Caledonia against the Six Nations.

## 9. SLIMEY CORPORATE PRESS

-All corporate media who are the architects of racism and anti-Indigenous propaganda. They've sold out. Instead of publishing all the news that's fit print, they dumb it down and suck the public into their amusement park mentality. They keep the people on a fake roller coaster and won't let them get off.

-Jeff Green, Frontenac News, owner, appears to publish what the land and uranium "cartel" want GOTOBUTTON BM\_8\_ [www.newsweb.ca](http://www.newsweb.ca)

What is said in the corporate press, taught in schools and conveyed in popular culture is that we are non-existent or demons. The colonists falsely promote themselves as the top echelons of their colonial hierarchy from where they try to control, command and force obedience. But it doesn't work on us.

## 10. BORN AGAIN "INDIANS" AND OTHER FAKERS

-Robert "Russel-Means-swears-he-was-never-part-of-AIM" Lovelace, so-called "Algonquin" chief, says he came from the U.S. as a "draft dodger". He originally said he was Cherokee and a member of the American Indian Movement. Now he's turned into an "Algonquin" who claims to be a major Indigenous advocate. We couldn't find out anything about him in the U.S., except Russell Means of AIM says he's never heard of him. Now he's in jail and getting

a lot of attention and financial support of a kind that ordinary verifiably Indigenous people never get. Why? 1294 James Wilson Road., RR #1, Hardington, Ontario K0H 1W0 613-532-2166.

-Chief Doreen "Wish Bone" Davis, of Shabot Algonquins, negotiator on land claim ANR Algonquin Negotiation [chiefdoreen@aol.com](mailto:chiefdoreen@aol.com) This is another person whose Indigenous lineage is uncertain. She suddenly appeared on the scene. Now she's got a brand new truck and a new mansion like a regular Indian Affairs band counselor. She meets regularly with Robert Potts, Brian Crane and Robin Aitken to settle a Haudenosaunee land claim even though she isn't Haudenosaunee.

-Pat "Heinz 57" Holley, First he said he was a Tuscarora, then he said he was Oneida and now he says he's Mohawk. Only trouble is nobody knows who he is. He took out a class action suit for all of Turtle Island and claims victory. He says he got \$1 billion for all of Turtle Island. If it's true, he ain't sharing it... he can pop up anywhere, from Six Nations to British Columbia and Texas.

-Paula Sherman, mediator on "Algonquin" uranium issue for Sharbot Lake. Only trouble is it's Haudenosaunee land.

-Honorary Chief Harold "Who-says-he's-Algonquin-and-became-a-millionaire-selling-Haudenosaunee-land" Perry, 613-479-5534

-Gerry "Whose-office-is-a-mailbox-in-Kanata" Belisle, land claims negotiator, real estate agent [www.OttawaAlgonquins.com](http://www.OttawaAlgonquins.com) homepage 4th page up around Sharbot Lake.

-Patrick "Fabio-Wanna-Be" Brazeau, Congress of Aboriginal People, which is a board set up and funded by the Canadian government to represent all "Indians", "Metis" and "Inuit" not on "reserves". He received a donation from the "Nuclear Waste Management Organization". GO FIGURE!! [patrickb@abo-peoples.org](mailto:patrickb@abo-peoples.org) 613-747-6022 ex 223 867 St. Laurent Blvd., Ottawa

-Nine newly created "Algonquin" communities on Haudenosaunee territory.

## 11. TOP "GYPSIES, TRAMPS AND THIEVES"

Queenie Liz II. Still wearing a crown and trying to treat us like subjects. +44(0)20 7930 4832 Governor General Michaelle "Haitain-against-the-Nation" Jean as she is called by the

Mohawks. [info@gg.ca](mailto:info@gg.ca)

Prime Minister Stephen "Gerda-Munsinger" Harper [harper.s@parl.gc.ca](mailto:harper.s@parl.gc.ca)

## 12. "VICHY" INDIANS & COLLABORATORS

- AFN set up by Canada to "control" the "Indians" and divert attention from Canada's violation of international law and democratic principles. AFN is a prop for the colonial "command and obey" structure. [information@afn.ca](mailto:information@afn.ca)

-All Indian Act band[it] Councils who serve their colonial "masters"

-"Slippery" Jim Beaver of Public Safety [jim.beaver@psepc-sppcc.gc.ca](mailto:jim.beaver@psepc-sppcc.gc.ca)

-CAP Congress of Aboriginal People, headed by Patrick Brazeau

-CONK Congress of Aboriginal People, headed by Guillaume "Who-got- chased-out-of-Kanehsatake-by-the-women" Carle.

-Dave "No-longer-of-the-Six-Nations-band-council-thank-goodness" General,

-George "Gets-chosen-by-the-colonizers- to-sit-on-boards-and-commissions" Erasmus,.

-Phil "Signs-away-anything-Indigenous" Fontaine,.

-James "Hires-crooks-to-discredit-his-cousins" Gabriel of Kanehsatake

-Patrick "Threatens-to-sue-MNN-for-publishing-what's-on-his-clients'-websites" Nadjiwan, AC for perpetrators of the "Algonquin" and uranium scam at Sharbot Lake, 915 Jocko Point Road, North Bay, Ontario P1B 8G5 705-753-9815 F 705-753-9795 [Patrick@nadjiwanlaw.ca](mailto:Patrick@nadjiwanlaw.ca)  
[mail@nadjiwanlaw.ca](mailto:mail@nadjiwanlaw.ca)

-Ghyslain "the-fixer" Picard Assembly of First Nations [reception@afn.ca](mailto:reception@afn.ca)

-Lorraine "Who-tries-to-get-a-private-casino-by-selling-out-the-Mohawks" White, Barbara "Cohort" Lazore of SRMT Inc. at Akwesasne. They were forever running to their trusted

“partner” Client #9, Elliot Spitzer, NYS Governor, to help them. When former Governor George Pataki left office, he went to work for Chadbourne & Parke, one of the biggest energy companies who want our land.

These are some. More to come. Know the names. Know the m.o. Let’s keep our eyes open and watch out for more blatant greed and collaborators hiding like asbestos in the walls.
